

Cyprus .Net User Group

May 27, 2010

Some time ago Microsoft Framework 4.0 was released. Taken this opportunity, this month's event will be dedicated to ASP.NET 4.0!

During this session, Panagiotis Charalambous, MCSD, MCDBA, MCPD, MCITP, MCTS and active member of our User Group will present ASP.NET 4.0 and talk about the new features of this release of ASP.NET.

ASP.NET 4.0

(by Panagiotis Charalambous)

Microsoft .NET 4.0 has many features that enable the developer to be more productive and be able to build more flexible and powerful applications. ASP.NET, the Microsoft platform for building Web applications is more powerful than ever.

During his session, Panagiotis will take us through the features of ASP.NET 4.0 and explain how Web developers can take advantage of these features and build scalable and flexible Web applications.

An event will take place on Thursday, May 27th at the conference room of Microsoft Cyprus, with start at 19:00.
